6. 12-0383 Resolution Determining eCivis to be the Only Source Practically Available From Which to Procure Software Services for Grant Research and Writing for the Hampton Departments of Public Works and Parks & Recreation and the Hampton Sheriff's Office and Authorizing the Negotiation and Execution of a Service Agreement with eCivis

WHEREAS, the Hampton City Council recognizes the public interest in efficiently identifying grant opportunities for the Hampton Departments of Public Works and Parks & Recreation and the Hampton Sheriff's Office;

WHEREAS, the Department of Public Works identified a number of projects for which funding either is scarce or unavailable, including implementing recommendations from the Waterways Steering Committee regarding strategies for improving stormwater quantity and quality, waterways maintenance, shoreline protection, and flooding, as well as undertaking other stormwater and departmental projects for increasing safety measures and educational outreach, managing approved grants, and partnering with other departments and/or agencies to fund cooperative initiatives;

WHEREAS, the Department of Parks & Recreation seeks the benefits of being able to manage multiple grants simultaneously and to enhance, maintain, and increase park facilities, amenities, programs, and leisure services for which grant funding opportunities are greatly needed;

WHEREAS, the Hampton Sheriff's Department acknowledges the necessity of expanding and enhancing its various operations, including but not limited to improving inmate services and specialized security equipment, improvements for which grants have been identified as the most feasible funding source;

WHEREAS, given the short turnaround time often associated with grants, any time minimized in researching opportunities maximizes time available to comply with stringent application criteria;

WHEREAS, eCivis offers numerous, unique benefits not otherwise found in one provider, that is, it (1) is a living, breathing database, updated daily with information of current available grants; (2) has federal peer reviewers who specialize in reviewing federal grants, with an 80 percent success rate; (3) allows users to assign projects and interface with other licensed users within the organization to prevent overlap; and (4) has an online grant school with over 200 topics on writing state, federal, and foundation grants, which is beneficial for organizations deficient in training funds but desire to increase the number and capacity of employee grant writers;

WHEREAS, other vendors offer one or more of the services eCivis provides, but those services not provided are time consuming and costly to obtain elsewhere;

WHEREAS, eCivis offers a reasonable price for its services; and

WHEREAS, the Manager of Consolidated Procurement approves this sole source procurement.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Hampton, Virginia as follows:

1. That the Service Agreement for procuring software services may be negotiated and awarded to eCivis as a sole source without competitive sealed bidding or competitive negotiation as set forth in Virginia Code § 2.2-4303(E);

City Planner Ms. Tamaria Green greeted those on the dais and briefed them on conditional privilege application number 129-2012 by BL Restaurant Operations, LLC doing business as Bar Louie Restaurant and Bar. A copy of the presentation is attached to the minutes.

Ms. Green stated the applicant is proposing a conditional privilege for live entertainment 2 to allow indoor live entertainment, predominantly from a disc jockey.

Ms. Green described the location of the subject property as in Peninsula Town Center as indicated by the red star on slide 3 of the presentation. She specified that the restaurant is located in the Peninsula Town Center on Von Schilling Drive across from The Green Turtle Sports Bar and Grille and is zoned C-2 Limited Commercial which permits live entertainment in conjunction with a restaurant subject to the approval of a conditional privilege.

Ms. Green stated the application supports several of the Hampton Community Plan policies such as supporting economic development priorities, expanding entertainment opportunities, nurturing small businesses, and promoting Hampton as a regional retail destination.

Ms. Green noted the applicant hosted a community meeting on September 4, 2012; however, no one from the public was in attendance.

Ms. Green stated the application has ten conditions most pertinent of which include the hours of operation for both indoor and outdoor entertainment, maximum allowable capacity, sound, ABC license requirements, term of permit, and revocation.

Ms. Green stated the Planning Commission recommends approval of conditional privilege application number 129-2012 with the following ten conditions.

CONDITIONS:

1. Issuance of Permit

The Conditional privilege applies only to 3350 Von Schilling Drive in the location specified on the plat submitted with the application on July 11, 2012 and is not transferable to another location.

2. Location of Live Entertainment

The stage or performance area shall be sized and located as indicated on the floor plan submitted with the application on July 11, 2012. All live entertainment equipment and performers shall be contained in this area during all performances.

3. Hours of Operation

The hours of operation shall be limited to the following (indoor live entertainment):

Sunday through Tuesday: 11:00 AM until 11:00 PM

During the time that live entertainment is being provided, patronage shall be limited to 248 persons or the maximum capacity as determined by a City building official, whichever is fewer.

5. Sound

6. Staffing

7. Virginia Department of Alcoholic Beverage Control

The Conditional Privilege shall not supersede any restrictions or requirements imposed by the Virginia Department of Alcoholic Beverage Control.

8. Revocation

The City Council shall have the ability to revoke Conditional Privilege No. 129-2012 upon two (2) or more violations of any of the attached conditions.

9. Nullification

a. The Conditional Privilege shall become null and void if the use is not established within twelve months of the date of approval by the City Council.

b. The Conditional Privilege shall become null and void if the facility is not used for the permitted use for a period of six consecutive months.

10. Term of Permit

The Conditional Privilege shall be valid for 18 months from the date of approval by the Hampton City Council. After 12 months of operation, prior to the expiration date, the Conditional Privilege will be scheduled for review by the Director of Community

Development (the "Director") to consider if the continuation of the Conditional Privilege would not be detrimental to the public health, safety, and welfare and that to continue the activities under the Conditional Privilege would not cause public inconvenience, annoyance, disturbance, or have an undue impact on the community or be incompatible with other uses of land in the zoning district. The review will be based, in part, upon a physical site review, traffic flow and control, access to and circulation within the property, off-street parking and loading, hour and manner of operation, noise, light, neighborhood complaints, police service calls, and any violations of any federal, state, or local law. If after review, the Director determines that the Conditional Privilege would not be detrimental to the public health, safety, and welfare and that to continue the activities under the Conditional Privilege would not cause public inconvenience, annoyance, disturbance, or have an undue impact on the community or be incompatible with other uses of land in the zoning district, the Director may administratively extend the Conditional Privilege in five (5) year increments. Each such extension shall be subject to the same administrative review. If the Director determines that the Conditional Privilege would be detrimental to the public health, safety, and welfare and that to continue the activities under the Conditional Privilege would cause public inconvenience, annoyance, disturbance, or have an undue impact on the community or be incompatible with other uses of land in the zoning district, the Director will notify the Permittee of a denial of the extension in writing. The denial of an extension of the Conditional Privilege will not require the removal of any structure or structures constructed or installed for the live entertainment area(s). A Permittee aggrieved by the decision of the Director may, upon written request within 30 days of the decision, have the matter reviewed by the Planning Commission and the City Council. Nothing contained herein shall limit the rights of a Permittee to seek a new Conditional Privilege.

At Councilman Tuck's request, Ms. Green clarified the condition regarding the revocation clause means if the applicant does not adhere to the conditions set forth, the permit can be revoked.

Public Hearing:

Mayor Ward opened the floor to Council to ask questions of the applicant Mr. J. D. Matthews or the presenter. No one had questions for the presenter or applicant. Mayor Ward then noted no citizens had signed up to speak at the Public Hearing and called for speakers from the audience. As there were none, she closed the Public Hearing.
